GENERAL INFORMATION

1. This institution does not employ campus security personnel but encourages both its employees and students to immediately report suspected criminal activity or other emergencies to the institutional official and/or in the event of emergency to directly contact local law enforcement or other emergency response agencies by dialing (911).

2. All students and employees are required to report any crime or emergency to an institutional official promptly. If a student or employee wished to report a crime on anonymous or confidential basis, the institutional official will be prepared to record and report the crime, but not the name of the informant. The student or employee may, in order to maintain confidentiality, submit the information in writing to his/her institutional official without signature. If the student wishes not to maintain confidentiality, the student will contact his/her teacher or school official who in turn will contact the nearest supervisor to report criminal actions or emergencies to the appropriate agency by calling (911).

Information for the Annual Disclosure of Crime Statistics report is obtained by the institution's Administrator who contacts the correct police department District for statistics and the institution's "Daily Incident Log", and then records those statistics.

3. Current policies concerning campus law enforcement are as follows:

a.) Institution's officials have no powers of arrest other than the Citizens Arrest Law and are required in the event of a crime or emergency to call the correct agency or dial (911) for the police and emergency services. The Citizens Arrest Law will be invoked only as a last resort, and after all other possibilities have been explored.

b.) Employees shall contact their immediate or nearest ranking supervisor to report any criminal action or emergency to the appropriate agency by calling (911). If possible, in the interim, institutional official shall attempt to non-violently deal with the crime or emergency with the appropriate agency on campus. Individual discretion must be used, as undue risk should not be taken.

h.) Information regarding any crimes committed on the campus will be available and posted in a conspicuous place within two (2) business days after the reporting of the crime and be available for sixty (60) business days during normal business hours, unless the disclosure is prohibited by law, would jeopardize the confidentiality of the victim or an ongoing criminal investigation, the safety of an individual, cause a suspect to flee or evade detection or result in the destruction of evidence. Once the reason for the lack of disclosure is no longer in force, the institution must disclose the information. If there is a request for information that is older than sixty (60) days, that information must be made available within two (2) business days of the request.

This institution has zero tolerance of such assaults and the violation of this policy by students or employees may result in expulsion or suspension while investigations are being followed, termination and/or arrest.

11. The Institution encourages all students and employees to be responsible for their own security and the security of others. Please report any known criminal offenses occurring on campus to the school administration.

13. On campus disciplinary action in cases of alleged sexual assault will be based on the finding of the law enforcement agency investigating the facts pertaining to the crime and other mitigating circumstances.

14. These records are available upon request through the administration offices.

15. Information for crime victims about disciplinary proceedings. The institution will, upon written request, disclose to the alleged victim of any crime of violence, or a non-forcible sex offense, the results of any disciplinary proceedings conducted by the institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of the crime or offense, the information shall be provided, upon request to the next of kin of the alleged victim. This provision applies to any disciplinary proceeding conducted by the institution on or after August 14, 2009.

16. As part of the Crime Control and Law Enforcement Act of 1994, the institution is required to make the following link/information available to the campus community where information can be accessed regarding registered sex offenders.

Link <https://apps.colorado.gov/apps/dps/sor/>

Violence Against Women (VAWA) – Definitions of:

On March 7, 2013 President Obama signed the Violence Against Women Reauthorization Act of 2013 (VAWA) (Pub.Law 113-4). The HEA defines the new crime categories of domestic violence, dating violence, and stalking in accordance with section 40002 (a) of the Violence Against Women Act of 1994 as follows:

Domestic Violence is defined as abuse committed against an adult or a minor who is a spouse or former spouse, cohabitant or former cohabitant, or someone with whom the abuser has a child, has an existing dating or engagement relationship, or has had a former dating or engagement relationship.

Dating Violence is defined as abuse committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.

Stalking is behavior in which a person repeatedly engages in conduct directed at a specific person that places that person in reasonable fear for his or her safety, the safety of others or substantial emotional distress.

Sexual Harassment is defined as unwelcome sexual advances, towards anyone (no matter what gender) requests for sexual favors and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual harassment is conduct that explicitly or implicitly affects a person's employment or education or interferes with a person's work or educational performance or creates an environment such that a reasonable person would find the conduct intimidating, hostile, or offensive. Sexual harassment includes sexual violence (see definition below). Stacey James Institute will respond to reports of any such conduct in accordance with District Policy on Sexual Harassment.

a. Unwanted sexual misconduct which may lead to a complaint of sexual harassment:

- Electronically recording, photographing, or transmitting intimate or sexual utterances, sounds or images of another person
- Falsifying a posting on an electronic site involving sex or sexual activity

Sexual Assaults

Rape is an act of sexual intercourse accomplished against a person's will by means of force, violence, duress, menace or fear. Also, where a person is prevented from resisting by any intoxicating or controlled substances or when a person is unconscious.

Sexual battery is unsolicited and unwanted touching of an intimate part (sexual organ, anus, groin, buttocks, and breast of a female) or another person's body. This includes situations where the victim is unable to resist due to alcohol or drug use.

Forcible sodomy is oral or anal sexual intercourse with another person, by force or fear, and against their will, and also when the person is incapable of giving consent because of age or mental or physical incapacity.

Sexual assault with an object is the use of an object or instrument to unlawfully penetrate, however slight, the genital or anal opening of another person, forcibly and against their will or where the victim is incapable of giving consent because of his/her youth or temporary or permanent mental or physical incapacity.

Consent

Consent is informed. Consent is an affirmative, unambiguous, and conscious decision by each participant to engage in mutually agreed-upon sexual activity.

Consent is voluntary. It must be given without coercion, force, threats, or intimidation. Consent means positive cooperation in the act or expression of intent to engage in the act pursuant to an exercise of free will.

Consent is revocable. Consent to some form of sexual activity does not imply consent to other forms of sexual activity. Consent to sexual activity on one occasion is not consent to engage in sexual activity on another occasion. A current or previous dating or sexual relationship, by itself, is not sufficient to constitute consent. Even in the context of a relationship, there must be mutual consent to engage in sexual activity.

Consent must be ongoing throughout a sexual encounter and can be revoked at any time. Once consent is withdrawn, the sexual activity must stop immediately.

Consent cannot be given when a person is incapacitated. A person cannot consent if s/he is unconscious or coming in and out of consciousness. A person cannot consent if s/he is under the threat of violence, bodily injury or other forms of coercion. A person cannot consent if his/her understanding of the act is affected by a physical or mental impairment.

Disciplinary Action

The procedures for the school’s disciplinary action in cases of alleged dating violence, sexual assault, or stalking, as required by 34 CFR 668.46(k) are as follows;

- Local law enforcement will be called to take a report and investigate the allegation.
- The alleged offender will be put on leave until allegations are investigated and proven correct.
- Upon allegations being proven correct the offender, whether it be a student, employee or client, will no longer be allowed to come back to the school for any reason.

Types of Disciplinary Proceedings

Stacey James Institute is committed to providing a prompt, fair, and impartial process from the

initial investigation to the result for an institutional disciplinary proceeding of reported domestic violence, dating violence, sexual assault or stalking. These proceedings will be conducted by officials who receive annual webinar training on the issues related to domestic violence, dating violence, sexual assault, and stalking, and how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. Stacey James Institute officials may not have a conflict of interest or bias for or against the accuser or the accused.

The institution may determine which type of proceeding to use based on the circumstances of an allegation of dating violence, domestic violence, sexual assault, or stalking.

Disciplinary proceedings may be conducted for both students and employees. The school director and other administrative staff are responsible for conducting hearings involving students and employees.

Student disciplinary proceeding will be conducted in accordance with the Standards of Student Conduct Administrative Regulations 5500. Employee disciplinary proceedings will be conducted in accordance with legal guidelines and established collective bargaining agreements.

The accuser and the accused may have the same opportunities to have others present during any institutional disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. The institution will not limit the choice of advisor or presence for either the accuser or the accused in any meeting or disciplinary proceeding however the institution may restrict the extent to which the advisor may participate. Any restriction will apply equally to both parties.

Stacey James Institute will simultaneously notify, in writing, both the accuser and the accused of:

- The result of any institutional disciplinary proceeding that arises from an allegation of dating violence, domestic violence, sexual assault, or stalking.
- The institution's procedures for the accused and the victim to appeal the result of the institutional disciplinary proceeding, if such procedures are available.
 - Any change of the result
 - When such results become final
- The accuser and accused are given timely notice of meetings at which one or the other or
 - both may be present; and
- The accuser, the accused, and appropriate officials are given timely and equal access to information that will be used during informal and formal disciplinary meetings and hearings
- A complainant or witness who participates in an investigation of sexual assault, domestic

violence, dating violence, or stalking will not be subject to disciplinary sanctions for a violation of the student conduct policy at or near the time of the incident, unless it is determined that the violation was egregious, including but not limited to, an action that places the health or safety of any other person at risk or involves plagiarism, cheating or academic dishonesty.

Standards of Evidence

The standard of evidence used during an institutional disciplinary hearing will be an Affirmative Consent standard, meaning a preponderance of evidence. This definition is the same as is used in most civil courts, and is not the standard of beyond a reasonable doubt. The preponderance of the evidence means that the offence “more likely than not” occurred—i.e., greater than 50% likelihood.

In evaluation of complaints involving sexual assault, it is not a valid excuse that the accused believed the complainant consented if: (A) the accused’s belief arose from his or her own intoxication or recklessness, or (B) the accused did not take reasonable steps to ascertain whether the complainant affirmatively consented.

Sanctions

The Owner/Director may impose sanctions following a final determination of an institutional disciplinary proceeding regarding domestic violence, dating violence, sexual assault, and stalking. For students, this may include but not be limited to being placed on probation, a suspension or expulsion. For employees, disciplinary action may include but is not limited to a reprimand, suspension, or release from employment.

The decision-making process in evaluating complaints and sanctions is conducted by a campus board comprised of faculty members, classified staff members, and one administrator. The Board is authorized to recommend a student’s suspension and a permanent expulsion to the school Director. An evidentiary hearing will be held prior to issuing a suspension or expulsion recommendation. The school Director shall exercise final review and approval of all student expulsions.

Protective Measures

Changes in Academic/Work/Living/Transportation Situation

The school will provide written notification to victims about options for available assistance both within the school and in the community and how to request changes to academic, living, transportation, and

working situations or protective measures. The school will make accommodations or provide such protective measures if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to local law enforcement. Protective measures may include but are not limited to safety escorts, adjusting class schedules and or work schedules. All efforts will be made to minimize the burden on the victim.

Appeal

The institution does not offer an opportunity for the accused or the accuser to appeal the result of the institutional disciplinary procedure. All results are final.

Time Line

All efforts will be made to complete the proceedings in a reasonably prompt time frame, within 90 days after receipt of the complaint. In the event it is deemed necessary the time frame may be extended for an additional 30 days for good cause. Written notice of the extension and the reason for delay will be provided to both the accuser and the accused.

GOOD HOUSEKEEPING

Good housekeeping is essential to safe operation. It will result in fewer accidents and will reduce fire hazards. Oil and chemical spills should be cleaned up promptly to eliminate slipping and fire hazards. All work areas must be kept free of tools, materials, draped hoses, extension cords, and other objects which create hazards. Cleaning up the area where you are working is part of the job. A job is not completed until the area is cleaned up.

FIRE PREVENTION AND SECURITY

Fire Prevention

Everyone should exercise good judgment and conduct themselves in a manner that would prevent fires while on school property.

No one should smoke in areas where "No Smoking" signs are posted, or where hazard from smoking exists.

If a fire should occur, contact your supervisor/instructor or the school President.

Stay calm. If the fire is small, select proper extinguisher and attack the fire (if this can be done safely). If fire is not small call 911 immediately. Evacuate premises and go to predetermined meeting place.

The following chart describes the different types of fire normally encountered and the proper extinguisher to use in each case.

Types of Fires	Types of Extinguisher & Agent
Ordinary Combustible Materials such as Paper, Wood, and Trash	Water (Preferred) and Multi-purpose

Flammable Liquid and Gases Such as Gasoline, Lubricating Oils And Natural Gas	Dry Chemical (Preferred) And Carbon Dioxide
Electrical such as electronic Instruments and Switch gear Installations	Carbon Dioxide (Preferred) And Dry Chemical

Storage of Flammable Liquids

Metal containers and/or safety cans equipped with flame arresters and spring actuated caps should be used for the storage and handling of all flammable liquids with a flashpoint of less than 100-degree F.

SOLVENTS, CHEMICALS & CHEMICAL CLEANING, WATER TREATMENT

Rule

All chemicals and solvents are treated as potential hazards from initial delivery to ultimate use and require the use of safe practices at all times.

- Anyone handling flammable liquids or chemicals of any type should wear appropriate protective clothing and will comply with industry safe practices and the safety instructions on the container label in regard to both the use and storage of these materials.

Chemicals and materials with toxic fumes are to be used only in well-ventilated areas.

Responsibility

It is the responsibility of everyone to be aware of the hazards related to the use of solvents, chemical cleaning materials, and other chemicals and to enforce the rules related to their use.

Hazards to be considered when using solvents, chemical cleaning materials, and other chemicals are:

Contact with a hazardous material can cause skin rash or dermatitis, corrosive burns or eye damage.

- Potential explosive or fire hazard.
- The danger of ingestion of a poisonous, corrosive, or hazardous substance through the mouth or absorbed through the skin.
 - The inhalation of a volatile solvent, gas or toxic dust which may produce asphyxiation, intoxication, or damage to mucous membrane and internal organs.

First Aid

First aid procedures vary depending on the chemical nature of the materials in question. Follow the instructions on the container label.

In the event that a person should come in contact with solvent or chemicals in the eyes or on the skin, the affected area should be irrigated for a minimum of fifteen (15) minutes.

If anyone ingests chemical materials or is splashed with a hazardous material and irrigation facilities are not available, they should immediately be referred to a hospital emergency room or call 911. You may also call Poison Control 1-800-222-1222

SEVERE WEATHER

Tornado

If (in the judgment of the President or administrator in charge) the threat of impending danger warrants it, the following actions may be taken:

- Dismissal of all classes and assembly of students and employees into interior hallways and away from glass windows, doors and partitions.
- Everyone should remain in these “safe” areas until in the opinion of the President the threat of danger is past.
- If the tornado or destructive wind strikes the building, everyone should sit on the floor, with backs against the wall, their heads between their knees, and their hands clasped over the backs of their heads until all danger is past.

Flooding

Because of the elevation of the school, building at Stacey James Institute are not likely to flood. However, during periods of flooding, the Administrator will remain in contact with appropriate authorities and will keep both students and employees advised of local road closures.

Ice and Snow

In the event of ice and/or snow threaten to make highway travel hazardous, the Administrator may dismiss classes to allow commuters to return home safely.

Closing the School as the Result of Severe Weather

Only the Administrator has the authority to close the school. When this action is taken, the Administrator will notify students and faculty. In addition, it will be posted on the School’s website and the local radio station will be notified and asked to broadcast the notice of closing.

Self-Determination Policy

No student will attempt to attend class and no employee will report to work if, by their opinion or by the warning of law enforcement officials, travel conditions in their area are unsafe (or if other circumstances would place their lives/health in jeopardy).

EVACUATION PROCEDURES

During an emergency evacuation, each instructor is responsible for the safe and orderly evacuation of his/her class. Instructors not in class should assist any evacuation problems that may arise. It is the

instructor's responsibility to prevent panic, control traffic, and provide calm

- Instructors should know the shortest route from the classroom to the nearest exit.
- When the need to evacuate the building arises, the class should be directed to move single-file through the nearest exit and well beyond the building to an area of safety.
- The instructor should be last to leave in order to check that all students are out of the classroom and to close the door.
- Never return to the building until instructed to do so by the appropriate authorities.

CRITICAL INCIDENT RESPONSE PLAN
